Ms. Amber Stegmann, Laboratory Supervisor
EMSL Analytical, Inc. (Lab #165)
3029 South Jefferson Avenue
Saint Louis, MO 63118

Dear Ms. Stegmann:

Your response to the Missouri Department of Health's evaluation and recommendations made in their December 19, 2016 report of investigation of the bacteriological examination of your laboratory has been received and reviewed. Your response is adequate and EMSL Analytical, Inc. of Saint Louis, Missouri, is approved under the provisions of the Public Drinking Water Regulations to perform bacteriological analyses for the following parameters:

Total Coliform

E. coli

Enclosed please find a certificate of approval and a certified parameter list for your laboratory. The certified parameter references the parameters, methods of analysis, and personnel that have been approved by the State of Missouri to complete bacteriological testing for public water supplies. Your certification will expire on February 28, 2020 and is contingent upon no changes being made with the approved methods, analysts, or equipment.

Should there be any changes to your certification status, please notify this office within 30 days. Any notifications or inquiries related to the approval may be directed to Ellen Harrel of my staff, who may be reached at P.O. Box 176, Jefferson City, MO 65102 or by telephone at 573-751-1077.

Sincerely,

WATER PROTECTION PROGRAM

David J. Lamb, Chief
Public Drinking Water Branch
