Laboratory No: 9946
Effective Date: July 1, 2018

Dear Mr. Shannon:

SUBJECT: Laboratory Certification

The information that was prepared and submitted to this office by your laboratory has been reviewed. Based on this information, the Department of Environmental Quality (DEQ) has certified your laboratory for compliance monitoring under the Safe Drinking Water Act, 1976 PA 399, as amended. Our certification for your laboratory by parameter is as follows:

Inorganic Chemistry

Full Certification:

Asbestos (via US EPA Method 100.2)

Our certification of EMSL Analytical, Inc. for the chemical examination of drinking water is contingent on your continued certification by NVLAP and compliance with state and federal regulations. Additionally, your certification is contingent on the submission of acceptable proficiency test sample results for Asbestos if they become available.

Our certification of your facility will expire on June 30, 2019. Please forward your certificates and on-site inspection reports once you renew your NVLAP certification. Provided you maintain fully certified status with NVLAP you may be reissued reciprocal certification for the State of Michigan. If you have questions regarding this information please contact me by phone at 517-335-9219 or by email at lundyg@michigan.gov.

Sincerely,

Gregg A. Lundy
