

FREE ILLINOIS WORKSHOP

HVAC for the Indoor Air Quality Professional Workshop

EMSL ANALYTICAL, INC.
LABORATORY • PRODUCTS • TRAINING

IndoorSciences

Workshop Overview:

If you evaluate buildings for indoor environmental concerns, it is important to understand the heating, ventilating, and air conditioning (HVAC) system. This workshop will cover the fundamentals of both commercial and residential HVAC systems, emphasizing the impact on indoor air quality (IAQ). Topics will include ventilation, filtration, pressurization, moisture control, and system hygiene. You'll learn how equipment such as heat exchangers, evaporator coils, cooling towers, economizers, humidifiers, VAV boxes, and ductwork can have a positive or negative effect on IAQ. The workshop will also discuss how to evaluate the HVAC system during an indoor environmental assessment.

Education Credits:

- Qualifying for ACAC and ABIH

Date: Tuesday, August 14th, 2018
Location: Waterford Banquet & Conference Center
933 South Riverside Drive
Elmhurst, IL 60126
Registration: 8:30 AM - 9:00 AM
Time: 9:00 AM - 4:00 PM
Cost: FREE
Presenter: Ian Cull, PE, CIH,
Indoor Sciences, Inc.

Ian Cull will also be presenting a Certified Indoor Environmentalist Course on August 15th & 16th at the Waterford Banquet & Conference Center. For more information visit www.indoorsciences.com.
